

# Licensing Programs

A cost-effective way to monitor your supply chain and equipment

## Single-use

**Only one shipment?  
No problem.**

For a one-time fee, use a single device for 60 days and return it when you're done.

## Per-month

**Spot & see damage  
in your supply chain  
for as little as  
\$12 per month!**

License units on a monthly term.  
Price depends on term-length  
and product selection.
