

SAFETY DATA SHEET SSC100 CHOLESTERIC LIQUID CRYSTAL SCREEN INK

Page 1 of 3

MSDS051 Revision 3 Revision Date 11/9/2015

		Revision Date	e 11/9/2015		
1. PRODUCT AND COMPANY IDEN	TIFICATION				
Product name	SSC100 Cholesteric Liquid Crystal Screen Ink				
Additional Names	None				
Description	Aqueous based ink containing encapsulated cholesteric liquid crystal	L			
Intended Use	Temperature measurement and thermal mapping				
	· · · · · · · · · · · · · · · · · · ·				
Company	LCR Hallcrest				
company	1911 Pickwick Lane				
	Glenview				
	IL 60026 USA				
\M/ab					
Web	www.hallcrest.com				
Telephone	+1 847 998 8580				
Fax	+1 847 998 6866				
Email	sales@hallcrest.com				
Emergency telephone	Chemtel Domestic: 800-255-3924				
number	Intl: +01-813-248-0585				
2. HAZARDS IDENTIFICATION.	No similiant beaud				
GHS Classification	No significant hazard				
GHS Label Elements					
Pictorgrams	No significant hazard				
Signal Word	No significant hazard				
Hazard Statements	No significant hazard				
Precautionary Statement	No significant hazard				
Classification 1994/45/EC	No significant hazard				
3. COMPOSITION / INFORMATION	ON INGREDIENTS.				
3. COMPOSITION / INFORMATION Hazardous ingredients		Conc.	CAS		
Hazardous ingredients	ON INGREDIENTS. Classification N/A	Conc.	CAS N/A

5. FIRE FIGHTING MEASURES Extinguishing Media Use extinguishing media appropriate to the surrounding fire conditions. Specific hazards arising from Burning produces irritating, toxic and obnoxious fumes. the chemical Special protective actions for Wear suitable respiratory equipment when necessary. fire-fighters 6. ACCIDENTAL RELEASE MEASURES **Personal Precautions, protective** Ensure adequate ventilation of the working area equipment and emergency procedures **Environmental Precautions** Do not allow product to enter drains. Prevent further spillage if safe. Methods and material for Absorb with inert, absorbent material. Sweep up. Transfer to suitable, labeled containers for containment and cleaning up disposal. Clean spillage area thoroughly with plenty of water. 7. HANDLING AND STORAGE Avoid contact with eyes and skin. Ensure adequate ventilation of the working Individual protection measures area. Adopt best Manual Handling considerations when handling, carrying and dispensing. Keep containers tightly closed. Store in correctly labeled containers. Store in a Conditions for safe storage, including cool area but do not freeze. incompatibilities: 8. EXPOSURE CONTROLS / PERSONAL PROTECTION Engineering measures Engineering measures Ensure adequate ventilation of Ensure adequate ventilation of the working area. the working area. Hand protection Hand protection Chemical resistant gloves (PVC) Chemical resistant gloves (PVC) 9. PHYSICAL AND CHEMICAL PROPERTIES Appearance Liquid. Colors Tan. Odor Mild. Odor threshold N/A рΗ N/A **Melting Point/Freezing Point** No testing available. Initial Boiling Point and 100°C **Boiling Range** Flash Point No testing available. Evaporation rate No testing available. Flammability No testing available. Upper/Lower Flammability or No testing available. **Explosive Limits** Vapor Pressure No testing available. Solubility miscible in water. **10. STABILITY AND REACTIVITY** Reactivity Stable under normal conditions. **Chemical Stability** Stable under normal conditions. Possibility of hazardous No Significant Hazard. reactions Conditions to avoid No Significant Hazard. Incompatible materials No Significant Hazard. Hazardous Decomposition No Significant Hazard. Products **11. TOXICOLOGICAL INFORMATION Toxilogical Information** No Hazardous Components Skin corrosion/irritation No test data available

Serious eye damage/irritation	No test data available
Respiratory or skin sensitization	No test data available
Germ cell mutagenicity Carcinogenicity Reproductive toxicity STOT-single exposure STOT-repeat exposure Aspiration hazard	No test data available No test data available

12. ECOLOGICAL INFORMATION			
Persistence and degradability	No data available		
Bioaccumulative potential	No data available		
Mobility in soil	No data available		
Other adverse effects	None		
13. DISPOSAL CONSIDERATIONS			
General information	Dispose of in compliance with all local and national regulations.		
14. TRANSPORT INFORMATION			
UN Numbe	er This product is not classified as dangerous for carriage.		
UN Proper Shipping Nam	e This product is not classified as dangerous for carriage.		
Transport Hazard class(es	s) This product is not classified as dangerous for carriage.		
Packing Group (if applicable	e) This product is not classified as dangerous for carriage.		
Environmental Hazard	Is This product is not classified as dangerous for carriage.		
Special Precautions for the Use	er This product is not classified as dangerous for carriage.		
DO	T This product is not classified as dangerous for carriage.		
IMD	G This product is not classified as dangerous for carriage.		
IAT	A This product is not classified as dangerous for carriage.		

15. REGULATORY INFORMATION

WEE - (2002/96/EC) and RoHS Directive (2002/95/EC) our products as per attached schedule are fully compliant and do not contain any listed heavy metals, PBB or PBDE at levels exceeding 1000pm specified in the directive. Typical levels have been measured at 1ppm or less.

16. OTHER INFORMATION	
Revision	Revision 3 11/9/2015 – Corrected an error in the heading where the wrong MSDS # was displayed.
	Revision 2 6/25/2015: Formatting - Major revision to include the requirements of the HCS/HazCom 2012 Final Rule.
